Message by Chief Executive Officer

Dear Policyholders,

Thank you for making Zurich your choice of insurer. We are pleased to present the Annual Report for the Zurich Wealth-Series Investment-Linked Policy (ILP) sub-funds for the year ended 31 December 2015.

2015 was a challenging year for the financial markets with the slowdown in the Chinese economy, plunging oil prices, and interest rate hike by the Federal Reserve dominating the global headlines.

Against a backdrop of market volatility, the performances of our ILP sub-funds have been mixed over the 12-month period in 2015. The ILP sub-funds from the biotechnology, pharmaceutical and health sectors continue to deliver double digit returns, with the United Global Healthcare Fund and Franklin Biotechnology Discovery Fund returning more than 20% and 12% gains respectively. Dynamics in global markets led to a difficult year in 2015 for ILP sub-funds from the natural resources, energy, gold and precious metals sectors.

With 2015's market dynamics remaining in play, the bout of global market volatility is expected to stay, though we believe that investment opportunities continue to exist.

We would like to emphasize the need to regularly review your portfolios and your investments for the longer term, to ensure that they are able to ride out market fluctuations.

Thank you to all our stakeholders – our customers, our people, our shareholders and the communities in which we live and work – for your support. At Zurich, we remain committed to helping you meet your investment needs. If you have general policy queries, you may contact our Zurich HelpPoint team at 6876 6750 or email us at helppoint.singapore@zurich.com and we will be happy to help.

Yours sincerely

David Kneale

Chief Executive Officer and Director
Zurich Life Insurance (Singapore) Pte. Ltd.

Expense ratio of the underlying fund share class

For the 12 months ended 31 December 2015	For the 12 months ended 31 December 2014
1.64%	1.69%

The following expenses are excluded from calculating the underlying fund's expense ratios:-

- * brokerage and other transactions costs associated with the purchase and sales of investments (such as registrar charges and remittance fees);
- * foreign exchange gains and losses of the underlying fund, whether realised or unrealised;
- * front-end loads, back-end loads and other costs arising on the purchase or sale of a foreign unit trust or mutual fund;
- * tax deducted at source or arising on income received including withholding tax;
- * interest expense; and
- * dividends and other distributions paid to shareholders.

Turnover ratio of the underlying fund

For the 12 months ended 31 December 2015	For the 12 months ended 31 December 2014
68.09%	58.46%

The turnover ratios are calculated based on the lesser of purchases or sales expressed as a percentage over average net asset value, i.e., average daily net asset value, over the same period used for calculating the expense ratios.

Accounting policies

Notes to the financial statements for the financial year ended 31 December 2015. These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1.0 Accounting Policies

The principal accounting policies which have been applied in the preparation of these financial statements are set out below.

1.1 Basis of preparation

The financial statements are prepared in accordance with the historical cost convention, except for investments which are stated at fair value.

1.2 Cash received/paid in relation to unit creations/cancellations

Cash received by the fund comprises gross premiums received and switches between funds and is after deducting policy charges.

Cash paid by the fund for liquidation of units comprises the sale of units in the unit-linked fund for switches, the payment of death claims or surrenders.

Zurich Life Insurance (Singapore) Pte. Ltd. has dealing limits below which trades are not placed with internal or external funds. As a result investments into certain funds are not made until the dealing limit is met.

Notwithstanding this, policy holders are given the unit price on the date in which their investment is made ("investment date"). Any exposure to unit pricing fluctuations between the investment date and the actual trade date is borne by Zurich Life Insurance (Singapore) Pte. Ltd.

1.3 Investment income

Dividends are recognised when the right to receive payment is established. Other income is recognised on an accruals basis.

1.4 Realised and unrealised gains and losses

Realised and unrealised gains and losses on investments represent the difference between the valuation at the balance sheet date and their purchase price or if they have been previously valued their valuation at the last balance sheet date. The movement in unrealised gains and losses recognised in the period also includes the reversal of unrealised gains and losses recognised in earlier accounting periods in respect of investments disposed of in the current period.

1.5 Foreign currencies

Foreign currency monetary assets and liabilities are translated at exchange rates prevailing at the balance sheet date. Foreign currency transactions are translated at exchange rates on transaction dates. Differences in exchange are included within the gains and losses on investments in the Capital and Income Account.

1.6 Annual management charge

The Funds are not subject to an annual management charge.

1.7 Expenses

Expenses are accounted for on an accruals basis.

1.8 Investments

Investment is classified as financial assets at fair value through profit or loss. Purchases of investment are recognised on the trade date and are initially recorded at fair value. Investment is subsequently carried at fair value. The fair value used for the investment held by the Sub-Fund is the current market quoted net asset value of the underlying fund at balance sheet date. Investment is derecognised on the date of disposal.

Statement by Director

In our opinion, the financial statements of the investment-linked sub funds ("the ILP Sub-Funds") of Zurich Life Insurance (Singapore) Pte. Ltd. ("the Company") set out on pages 51 to 60 present fairly in all material respects, the financial position of the ILP Sub-Funds of the Company as at 31 December 2015 and the capital movement for the period 1 January 2015 (or the date of commencement of the respective Funds, whichever is later) to 31 December 2015, in accordance with the stated accounting policies.

Independent Auditor's Report

Zurich Life Insurance (Singapore) Pte. Ltd.

We have audited the accompanying financial statements of the investment-linked sub-funds ("the ILP Sub-Funds") of Zurich Life Insurance (Singapore) Pte. Ltd. ("the Company"), which comprise the Statement of Assets and Liabilities as at 31 December 2015, Capital and Income Account for the period from 1 January 2015 (or date of commencement of the respective ILP Sub-Funds whichever is later) to 31 December 2015, and Notes to the Statements presented within pages 51 to 60 ("the Statements"). The Statements have been prepared by management based on the accounting policies set out in Note 1. The Statements do not include the Performance Report, Fund Performance, Portfolio Statements and Other Information ("other disclosures") in respect of each fund that are also incorporated within pages 5 to 50. The other disclosures have not been subject to our audit.

Management's Responsibility for the Statements

Management is responsible for the preparation of the Statements in accordance with the accounting policies set out in Note 1. This includes determining that these accounting policies form an acceptable basis for the preparation of the Statements in the circumstances, and for such internal control as management determines is necessary to enable the preparation of Statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the Statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the Statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management as well as evaluating the overall presentation of the Statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the Statements of the ILP Sub-Funds are prepared, in all material respects, in accordance with the accounting policies as set out in Note 1.

Basis of Accounting and Restriction of Distribution and Use

Without modifying our opinion, we draw attention to Note 1 to the Statements, which describes the basis of accounting. The Statements are prepared to assist the Company to comply with MAS Notice 307 Investment-Linked Life Insurance Policies. As a result, the Statements may not be suitable for another purpose.

Our report is intended solely for the use of the Company and our duties are owed solely to the Company. We do not accept responsibility and we expressly disclaim liability for loss occasioned to any third party acting or refraining from acting as a result of our report.

Other Matters

This report relates solely to the Statements of the ILP Sub-Funds of the Company and does not extend to the financial statements of the Company taken as a whole.
